Registration form page. I used "outline" bootstrap design for blue and red buttons, because it is cuter than non outline one.

I showed "required" by adding red astarisk mark for the label of input form.

Navbar work same as previous page.

submit→go to todo list

cancel→homepage

Welcome to Ai's portal

You can create your todo list in Ai's portal! Please go to registration form and enter todo list page!

Home page screenshot. You can go to registration form by clicking navbar "register"
Pressing home also lead you to this page.
